More "WOTTON WORTHIES"

*A further collection of biographies of notable people
associated with Wotton-under-Edge*

*The following six articles were originally published in
Wotton-under-Edge Historical Society Journals between
2000 and 2005. Some have been slightly amended or
up-dated as more information has come to light.*

*All the subjects of these articles were either born in or
around Wotton or chose to make the town their home.
Some have contributed directly to the community, others
have enhanced Wotton's name by their achievements.
Like those in Dr. Masefield's book "Wotton Worthies" all
deserve a place in the town's history.*
